Health-a-thon 2026 | Phase 2: Important Updates and Next Steps

HealthaThon 2026 <healthathon@reskilll.com> Tue, Oct 13 at 9:39 AM
To: Zeros and Ones <workwithdevit@gmail.com>

Dear Team Zeros and Ones,

Congratulations on being selected among the Top 150 teams advancing to Phase 2 of Health-a-thon 2026!

We hope your team has started working on your solution together with your doctor partner. As we begin the Build Sprint, we look forward to seeing your team collaborate to develop practical solutions grounded in real-world healthcare challenges faced by doctors, healthcare providers, patients and caregivers.

What's Next?

1. Mentor Check-ins & Mentorship

You'll have access to experienced mentors and professionals from the technology and industry ecosystems who will share their expertise and guide you through the Build Sprint. The first round of mentor check-ins will be scheduled shortly, and details will be shared with your team.

In the meantime, start working on your solution. You don't need to wait for the mentor sessions to begin making progress. While mentors will provide guidance and direction, ownership of solution development, execution and timelines rests with your team.

2. OpenAI & Sarvam AI Credits

We're delighted to have OpenAI and Sarvam as our Technology and AI Partners for Health-a-thon 2026!
Instructions for OpenAI account activation have been shared via email. If you haven't submitted your details yet, please do so by 11:00 AM today.
Instructions for accessing Sarvam AI credits will be shared shortly.

3. WhatsApp Group & Upcoming Updates

Please ensure that at least one representative from your team joins the official Phase 2 WhatsApp group to stay updated on announcements, mentor check-ins and important timelines.

Join here: [Private group invitation removed]

4. Build Sprint & Deliverables

The four-week Build Sprint will conclude on **November 7, 2026**. We'll share the detailed deliverables, assessment criteria, key milestones and final submission requirements shortly.

All the best for Phase 2! We look forward to seeing your ideas take shape and your teams build meaningful, AI-enabled solutions for healthcare.

Warm regards,
Team Health-a-thon 2026
